[DISCUSSION QUESTIONS]

Avoiding Toxic Positivity

Aug 16, 2020

Talk through the difference between toxic positivity and biblical positivity? We have all had someone offer a “walk away” answer when we have shared pain. Has there been a time that you have offered toxic positivity toward someone who was hurting?

Read Gal 6:2 and 2 Corinthians 1:3-8

Think of a time when you were in need and you were comforted. How did God work through that time in your life? What have you done with what God has done for you?

Read James 5:16

Why are we hesitant to talk about sin when we are together? Is there a specific sin that you avoid because it is painful to you or to others? Do you believe there is a benefit to confessing that sin and working through the pain?

What is the difference between being an Image Bearer of God verses being a Child of God? Does this distinction change the way we respond to people? How?

Ted challenged each of us to take one step toward comforting others. Pray about a specific way you can minister to some one this week. Share your plan with someone for prayer support and accountability.
