# SUMMER

[DISCUSSION QUESTIONS]

## Why We Gather

Aug 23, 2020

What new habits have you developed over the last few months? How have these habits affected your relationship with God and with His people?

### Read Hebrews 10:23-25

What was going on at the time the author of Hebrews wrote this book? How does this scripture apply to the church today?

Ted listed the following ways Christians benefit from meeting together regularly. Talk through each point and share why each is important to a growing relationship with Christ. Are there areas you need extra support/accountability?

1. Our gatherings keep us on course
2. Our gatherings remind us of God's promises
3. Our gatherings help us encourage one another
4. Our gatherings fill us with hope for the Return of Christ

You need your church and your church needs you. What are some of the ways a church suffers when its people are not present and engaged?

Ted challenged us all to commit to taking the next step toward gathering in this season. What is your personal next step? What habits do you need to break or start to make that happen?
