Are you ever tempted to bow out of doing something for God because you don't feel like you can do enough?

**Read John 6:1-15**

We use a lot of excuses not to share the time, energy or resources we have. What were some of the excuses Ted addressed? What excuse is the most tempting for you to use?

In every miracle, there is a lesson to be learned. Think about the people in the crowd, the disciples and even the little boy. What are some of the lessons Jesus is teaching through this parable?

**Read Ephesian 2:10**

Ted reminded us that, "Jesus has a solution for a problem you don't even know you have yet." How could it change your perspective on engaging with people if you knew God could be using you as a part of His work in their life? Would knowing this make it easier for you to reach out to others when you are struggling?

When we don't see immediate results, we are tempted to give up. Can you think of someone who impacted you in a way that you didn't understand fully until well after the interaction?

Ted said, "You are responsible for what you bring, not how God uses it." Why is it important to understand this concept? What are the consequences if we get this wrong?

Is there an area you have been holding back your time, talent or resources? Pray that God would point out where He wants to use you and that you would joyfully share what you have been given.
