## ARMOR Be Strong In The Lord September 5, 2021

What is your first reaction when people talk about spiritual warfare?

### Read Ephesians 6:10-20

What does it mean to be strong in the Lord? How do each of the following play into being strong in the Lord and living in His power?

- Faithfulness
- Soul Care
- Readiness

What areas do you need to pay more attention?

Look at how many times this text instructs us to stand. Why can this be so hard for us? Are there steps you can take that will help you stand firm?

### Read 1 Peter 5:8

We need to know who the enemy is and who the enemy is NOT. Are there areas where you feel confused about the enemy? How does our understanding of God and of Satan change the way we put our faith into practice?

Ted reminded us that we fight our battles FROM victory not FOR victory. What does that mean? How do you practically implement this into your battle strategy?

In the following weeks we will talk about the various components of the armor of God. What part does prayer play in the effectiveness of the armor?

Name one battle that you are currently going through. What does faithfulness look like in this situation? End your time by praying together that you will each stand firm in the battles ahead of you this week.
