

BABIES:

In the baby room, our number one goal is to provide a safe, clean, happy environment for our littlest "critters". We have a staff member in the classroom every service, along with experienced volunteers who think the Baby Room is the friendliest place to be!

As a parent, one of the most important things you can do for your child's development is to nurture your own spiritual growth. We hope to make you feel confident that "We've Got This!" so you can enjoy an undistracted worship experience.

PRESCHOOL:

During our Sunday mornings on Critter Street, we value our time together and want to "Make it Count." Our service includes a large group teaching, worship time full of singing and dancing, engaging Bible storytelling on their level, and tons of repetition as they play out the story back in their classroom. Plus we have a playground and snacks--what could be better?

Our volunteers are trained and background checked and assisted by student helpers. We have Critter Street Coordinators and security team present in every service ensuring that your little ones are safe and cared for!
