Shay gave us two words for redemption

- Agorazo: buy, purchase, acquire as property
- Exagorazo (used in verse 5): bought from the slave market *never to go back again*. To rescue, to set free.

When you think of the word redemption, what comes to mind? How does the definition help us to understand our salvation?

**Read Hebrews 9:22**

Why did our redemption require the shedding of Christ’s blood?

**Read Hebrews 10:10-12**

Describe the Old Testament model of obtaining forgiveness for sin? How is the New Covenant of Christ similar to the Old Covenant? How is it different?

**Read 1 Peter 1:18-19**

What are the feelings that surface when you think about the personal sacrifice of Jesus? How does thinking about Christ’s sacrifice change your view on sin?

What is the result of rejecting the sacrifice of Christ? Does our understanding of the consequences change our daily lives? In what ways should we respond?

**Read Revelation 12:11**
